## Antioch Pays Tribute to War Heroes

### Brief but Impressive Ceremony Sunday Honors Soldier Dead

More than 500 persons gathered in Antioch's village park Sunday for Memorial day service paid tribute to the soldier dead of all wars. A gentle rainfall was totally disregarded by those who attended and all remained until the close of the impressive program.

The speaker of the day was Warrant Officer H. F. Craig, U. S. Navy, now stationed at Great Lakes. Having seen over 27 years of service for his country, Officer Craig knows what war is all about. He stressed the vital importance of carrying on work on the home front in support of those who are offering their lives that we may enjoy our heritage of freedom. War, such as the present conflict is world-wide, and national in its scope on the home front. He paid tribute to those who have made the supreme sacrifice.

Preceding the program the line of march had formed at the high school and headed by the American Legion colors preceded to the park. Following in order were the Junior Drum and Bugle Corps, Navy Firing squad, Daughters of G. A. R., Antioch Legion, Auxiliary colors, High School band, Auxiliary members and Antioch Firemen.

Invocation was by the Rev. W. C. Henslee, and the address of welcome was by Mayor George B. Bartlett. Adjutant John L. Horan gave the roll call of departed veterans, and the Daughters of the G. A. R. placed a wreath on the grave of the unknown soldier.

Rev. Father Flaherty of St. Peter's church, made a brief address. Americanism Officer Vincent Nedbal introduced the guest speaker. Following the address there was a 30-second silence in memory of departed comrades. Following the benediction by the Rev. A. D. McKay, the service closed with the salute by the Great Lakes Firing squad and the sounding of Taps by a bugler, also from Great Lakes.

The public address system used was installed by T. J. Tronson of Lake Villa.

## Reflect Honor on Your Job, Pastor Tells Grads

### Rev. Henslee Baccalaureate Speaker; 50 to Receive Diplomas Tonight

Diligence, thoroughness and common honesty will win for you in life, the Rev. Warren C. Henslee, pastor of the Antioch Methodist church, told the class of '43 of the Antioch Township High school at the annual Baccalaureate service held Sunday night at the high school.

Speaking on the subject, "Master Workmen," Pastor Henslee declared that "no job is great because it is spectacular—it's great because you make it great." The speaker offered sound advice by stressing the importance of thorough preparation for life work, and the practice of common honesty with oneself and with others. Music for the service was by the High School chorus and the invocation and benediction were by the Rev. A. D. McKay of St. Ignatius church.

28th Commencement Tonight  
The fifty graduates of the class of '43 tonight will receive diplomas at the 28th annual commencement exercises. The program starts at 8:30.

The speaker is Dr. Beryl Orris, world traveler and educator, who will speak on the subject, "An American Refugee Returns Home." Dr. Orris has visited every country in Europe except Russia. He was in Vienna when Hitler invaded Austria, and later was in London when the heaviest Nazi raidings occurred.

The speaker will be introduced by Principal T. R. Birkhead. The Rev. F. M. Flaherty will give the invocation, and the High School band will play several selections. Diplomas will be presented by Walter K. Hills, president of the board of education, and the program will close with the singing of the national anthem and the recessional.

Mrs. A. P. Bratrude and sons, Presley and Don, arrived home Tuesday after spending the past several months in Tucson, Ariz. Dr. Bratrude, who holds a captain's commission in the Army, is serving at Camp Van Dorn, Miss.

## CONSUMER POINT VALUES ANNOUNCED

The handy point chart for processed foods and the official table of consumer point values for meat, fats, fish and cheese, today was released by the OPA for publication in newspapers. The charts are printed on pages 6 and 7 of today's Antioch News.

## HOLD SERVICE HERE FOR LEE J. HILL

### Rites Will Be Held Friday at Two O'Clock at Funeral Home

Funeral services for Lee J. Hill, 64, will be held at 2:00 p. m. Friday at Strang's Funeral home, Antioch, and interment will be in Liberty cemetery. The Rev. W. A. MacArthur of Lake Villa will officiate.

Mr. Hill passed away early Sunday morning at the home of his daughter, Mrs. Lawrence Boyle, 1221 College ave., Racine, Wis. He had been ill for two weeks.

He was born August 5, 1878, at Leland, Ill., the son of Ole and Isabelle Hill. He was married to Florence Lightner, a sister of Mrs. Fred Kinrade of Antioch, in 1899. For a few years the couple lived at Antioch, and later at Sioux Falls, Iowa. Returning to Illinois, they resided near Sycamore for a few years and then bought a farm near Pikeville. Mrs. Hill died on Feb. 9, 1922, and a short time after her death, Mr. Hill sold his farm. During recent years he had spent much of his time with his children.

Surviving him are two daughters: Mrs. Keith Bolton of Antioch; Mrs. Doyle of Racine; a son, David L. Hill, of Woodstock; also a daughter-in-law, Mrs. Ollie Hill of Fontana, Wis.

## KELSEY SPONSORED BILLS WILL BENEFIT HOME COMMUNITY

Representative Harold D. Kelsey, of this district, is the sponsor of a bill in the state legislature known as Kelsey House Bill No. 452, which if passed according to averages would relieve the taxpayers of Lake county of cash burdens to the extent of approximately \$100,000 each year.

The bill, which is said to have a bit of approval from the State Finance committee and already introduced into the House of Representatives asks that the county share greater in inheritance taxes collected: an increase of from 2 per cent to 10 per cent for the county. At present the tax is divided with the state receiving 98 per cent and the county only 2 per cent. Kelsey asks in his bill that the county receive 10 per cent.

House Bills 638 to 643 have also been sponsored by Representative Kelsey at Springfield and through this series of bills Kelsey hopes to bring about better aid to the Old Age and Dependent Children. Other bills sponsored by Kelsey will eliminate waste in administration of aid to the blind.

Kelsey is also sponsor of Bill No. 439 which will increase payment to county trustees in the fight against T. B. in cattle from \$150 to \$175.

Rep. Kelsey, who has served this area for several terms is now chairman of the important committee on agriculture and member of committee on appropriations, elections, fish and game, liquor regulation, parks and roads and bridges.

## POPPY DAY SALE TOTALS \$196.72

Poppy Day sales here Saturday totaled \$196.72, an all-time high in sales of the memorial flowers in Antioch community.

Contributions given to the Legion Auxiliary volunteer workers will go in their entirety to the welfare funds of the American Legion and Auxiliary where they will help support the rehabilitation program for disabled fighting men of two wars and for the children of the dead and disabled.

Mrs. S. B. Nelson, who chaired the sales here, and the Auxiliary president, Mrs. T. E. Burnette are grateful to the volunteers for the splendid showing made, and also to the public for the co-operation given.

Not to be outdone by her elders, little Miss Jean Harden, 10 years old, proved to be one of the most active poppy saleswomen. She collected \$17.85. Jean is the daughter of Mr. and Mrs. Frank Harden. Mrs. Harden is past president of the Antioch Auxiliary.

## News of the Boys in Service

Back From South Seas  
Back in the states after eight months of service in the South Pacific, Staff Sgt. Lester Perry arrived here Monday at the home of his parents, Mr. and Mrs. H. H. Perry, 407 Lake St. Sgt. Perry saw service in New Guinea, Fiji Islands, New Caledonia, and many other South Pacific islands, where he had plenty of practice dodging bombs. He was one of three men of his outfit to return to California last month. He will report for duty at Santa Anna, Calif., on June 12.

WAAC to Drive Army Jeep  
A place behind the wheel of an army vehicle is the job ahead for Aux. Mary Jane Tinker, of 0920 35th avenue, Kenosha, Wis., who was graduated this week from the Motor Transport School of the Second WAAC Training Center. Aux. Tinker was one of 83 members of the graduating class. They will replace soldiers who are driving at army posts throughout the country.

### Not Hard to Take

When Pvt. Edward C. Dunford returned to Kelly Field, Texas, last week after having spent a few days furlough here with his parents, he found in his mail a money order for \$8.00—one of the weekly gifts from Louie Nielsen's service men's fund. "Something like that isn't a bit hard to take," Ed writes the News. "Everything is fine in San Antonio, but it's nearly 90 degrees in the shade. That's almost too hot for comfort." Edward expressed thanks to Nielsen's, the Antioch Legion and the Antioch News for work on the home front.

Pvt. Russell L. Roepenack, Sheppard Field, Texas, has been promoted to the rank of Corporal. He began his pre-flight training there on May 31. His address is A. S. N. 18125190, 305 Trng. Gp., 670, Sheppard Field, Texas.

Pvt. Robert Willert is now in Australia. He says the country is beautiful and that people there are very friendly. He sends greetings to his Antioch friends.

### Home on Furlough

Len Schaffner, who has been serving with the MP's at River Rouge Park, Detroit, spent a few days here this week. He is being transferred to Ft. Sheridan where he will work as a baker.

Also on furlough here with relatives and friends is Sgt. Walter C. Edlmann, 355th Bomb. Sq., Army Air Base, Ephrata, Wash.

### Promotion

Willard G. Randall, 361st Inf. Co. K Camp White, Medford, Oregon, has been promoted to staff sergeant.

Camp Grant, Ill., May 31—(Special)—Brig. Gen. John M. Willis, camp commander, today announced the appointment of Private Marilyn W. Hagen, Antioch, Ill., to corporal in the Medical department of the United States army. Corporal Hagen is connected with Company D, 35th Medical Training Battalion at Camp Grant.

Winsor Dalgaard, left Antioch Wednesday for Chicago for assignment in the air corps.

### New Addresses

Pvt. Robert Horton has been assigned to Co. E, 29th Tng. Bn., 2520 M. P. R. T. C., Fort Custer, Mich.  
Lt. Guy B. Williamson, Btry. "M", 93rd C. A. (AA), A. P. O. 959, c/o Postmaster, San Francisco.  
M/Sgt. Laurence Williamson, 588th Bomber Squadron, Army Air Base, Ephrata, Wash.

### Must Have Been Pay Day

Pvt. Lyle Techert, Camp Stewart, Ga., says on a post card to the News: "Well, to tell the truth, I don't know what to write. I'm in the day room and there's a crap game going on and the boys are having fun and making a lot of noise."

### Ed Simonsen a Sharpshooter

Camp Santa Anita, Calif., May 31—The medal of Sharpshooter in rifle shooting is now being worn by Technician 4th grade Edgar Simonsen, formerly of Antioch, Ill., because of his accuracy on the range at the West Coast Ordnance Training Center.

Ordnance soldiers are classified as noncombatants, but the nature of modern warfare demands that every man know how to defend himself against attack. And even though T/4 Simonsen has as his job the servicing (continued on page 5)

## OIL ON THE TROUBLED WATERS

After the most severe weather in 75 years, and the wettest and most backward spring for a long period, perhaps, at long last, summer has really arrived. Just to make up for lost time, old Sol has been in there pitching during the last few days when temperature soared to above 85 degrees Fahrenheit, and in the shade. . . . A touch of summer was felt on May 5 and 6, when thermometers registered 84 and 81, respectively. Following two days of dampness and cool weather, summer really went to work again on the 29th, with an 83 degree mark. May 30 registered an even 80; May 31—82; June 1—81; June 2—85. We had a comfortable 84 today at noon.

### They Always Bloom in Springtime

It's an age-old custom to regard certain signs as harbingers of Spring. With some old-timers, it's the first robin; it may be the barefoot kid, the sweet girl graduate, or the blushing bride. Some say spring is when the horsemen advertise; the farmers say it's planting time for crops and Victory gardens. All of which undeniably herald the coming of springtime.

But our experience tells us that the surest sign of spring is the annual appearance of the racketeer, or "blue-sky" artist—the man who bobs up in the lakes region with a scheme to shake down the local merchants and householders for products or services, at exorbitant prices, of course. Springtime is harvest time for the racketeer. The campaign for peddling their wares may be conducted by mail—and may include roofing paint, worthless gadgets, or women's hosiery, or it may be some worthless advertising service, such as business directories, church calendars, or even "newspaper" advertising. All such schemes cost many times more than they are worth, if worth anything at all—and in most instances the same goods or services may be obtained from local sources at a very small fraction of the price demanded by the racketeer. The chief stock in trade of the grafter is "wigd," and nine times out of ten the self-styled "promoter" who wants to "do you good" can not back up his claims of superior services or goods. They have no investment in your home locality and their only interest in your community is YOUR POCKETBOOK, or your check-book.

### Backing Wartime Service

The Antioch News has the co-operation of many public spirited citizens and firms in the promotion of the varied wartime services called for by our government. Appearing as sponsors of publicity designed to keep things moving on the home front, their names will be read on every battlefield where our men are fighting. The first advertisement of the series appears on page 3 of today's News.

Mr. and Mrs. Joseph Horton, Mrs. C. E. Hennings, Mrs. Elizabeth Davis, Mrs. Harriet Davis, and Mrs. A. M. Peterson attended Worthy Matrons and Worthy Patrons night at Lake Forest O. E. S. Wednesday evening. Mrs. Hennings and Joseph Horton served as associate matron and associate patron.

## Cross Lake Woman Dies in Car Crash

### Mrs. Nettie Brozowski, 61, Is Victim of Accident in Antioch

Mrs. Nettie Brozowski, 61, of Cross Lake, is dead, and Philip Fortin, restaurant and tavern owner of Antioch, was badly injured when the car in which they were riding crashed into a parked auto early Sunday morning on North Main street in Antioch.

Mrs. Brozowski died while being taken to St. Therese hospital by the Antioch rescue squad. Fortin was given first aid treatment and after the inquest held here Monday, was taken to St. Therese hospital where he is under observation to determine the extent of his injuries.

The car struck by Fortin's car was that of James Roche, 19, of Chicago. Roche testified at the inquest that his car ran out of gas and he parked at about 1:30 a. m. to wait for the service stations to open. The coroner's jury held the death was accidental and exonerated Roche.

Mrs. Brozowski, who lived in Waukegan from 1917 to 1940, was the wife of John Brozowski, retired railroad employee. Since coming to this community, she had at times worked as a waitress in the Fortin restaurant. Fortin was taking her home when the fatal accident occurred.

Besides her husband she leaves a daughter, Mrs. Roy Anderson, Waukegan; a brother, Joseph Donarski, Chicago; and two sisters, Mrs. Stella Franzek and Mrs. Ed. Stabey, both of Chicago.

Funeral services were held at 2 p. m. Wednesday in the Strang chapel and burial was in Warren cemetery.

## BODY OF FRED L. HARDEN BROUGHT HERE FOR BURIAL

Fred Lewis Harden, 75, son of the late James L. and Josephine Harden, pioneer residents of Lake county, died Thursday, May 28, following a prolonged illness. He is survived by two sons, L. E. Harden of Chicago and R. J. Harden, Fond du Lac, Wis., and two daughters, Mrs. V. J. Ross, Chicago and Mrs. Neil Rowe, Mt. Vernon, Ill.

Mr. Harden also leaves one brother and three sisters: Frank Harden of Antioch; Mrs. Florence Riggs, Miss Maud Harden and Mrs. Alva G. Carr, all residents of LaFayette, Ind.

Funeral services were held Tuesday at Strang's Funeral home, and burial was in Hillside cemetery, Antioch.

## ANTIOCH FIREMEN RECEIVE TRAINING

Ever on the alert to improve methods in fighting fires and saving property, Antioch firemen for the next several weeks will receive special training each Tuesday night. Emphasis will be placed on safety and protective measures for firemen, use of equipment and how to deal with latest incendiary bombs.

Instructor at the sessions will be Assistant Fire Chief Herman Rosing, who last year attended the state firemen's school at Champaign, and the regional schools at Barrington and Libertyville. Rosing will leave Monday for Champaign to attend the 1943 firemen's school.

The local volunteer department, organized in 1913, has about thirty members.

## Hiram Proctor, Former Resident of Antioch, Dies in Owen, Wis.

Hiram Proctor, 78, a native of Antioch, died at his home in Owen, Wis., on May 21, according to word received by relatives in Antioch.

At the age of 45 he was married to Mary Davis of Loyal, Wis., where the couple made their home for a number of years, moving to Owen 23 years ago.

He is survived by his wife, Mary, and three children by this marriage: Forrest, of Oshkosh; Gladys, of Owen, and Margaret of Los Angeles, Calif.; also four children by a former marriage. There are two brothers: Edward, of Weyerhausen; Norris of Green Bay; also three sisters: Lydia Horton, of Antioch; Flora Horton, Chetek, Wis.; and Della Bell of Chicago. There are three grandchildren.

Funeral services were held on May 25 at the funeral home in Owen.

## Antioch Business Man Called for Army Service

### Russell Barthel to Ft. Custer June 14; Kennedy to Run Oil Station

Called for army service, Russell Barthel, owner and manager of Barthel Bros. Service station here, will report on June 14 at Camp Custer, Mich. He is the second Antioch business man to enter service. The first was R. G. (Bud) Holtz, who applied several months ago for admission to some branch of service. After taking qualification tests, Holtz was assigned as telephone instructor in the Army Signal corps at Spry school in Chicago.

Besides these two business men, the military forces have claimed four Antioch doctors: Captain David N. Deering, Capt. A. P. Bratrude, Lt. A. N. Berke and Lt. Earl Berger.

The army apparently chose patriotic days for getting Barthel into the army. He was sworn in on Monday, the day observed this year as the Memorial holiday, and his actual induction will occur on Flag day, June 14.

Barthel today completed final details for transferring the service station over to Frank Kennedy, who will run the place for the duration of the war, turning it back to the owner when he returns. Kennedy formerly was salesman for Rosing & Son, but since Pearl Harbor he has been doing defense work at Great Lakes and at Beaver Dam, Wis. He has a son, Frank, Jr., who is in military service. He is stationed at present at Little Rock, Ark. Two other Antioch boys, George Sterbenz and Art Hawkins, Jr., also are stationed at Little Rock.

## Hold Rites Here For James Kerr, 81, Lake Villa Resident

### Merchant and Plumber Succumbs in Hospital After Heart Attack

Funeral services for James Kerr, 81, one of Lake Villa's oldest residents, was held at Strang's chapel here at two o'clock Monday afternoon. Burial was in Milburn cemetery.

Mr. Kerr died early Saturday morning at Victory Memorial hospital of a heart attack. He had been a patient there since last Thursday.

The son of pioneer parents, the late Mr. and Mrs. William Kerr, he was born on the old Rosehill farm, near Lake Villa, on July 9, 1863. He was the father of Mrs. William Weber of Lake Villa. His wife, who survives, was the former Florence Pettitjohn. The couple had celebrated their golden wedding anniversary only a few years ago.

Mr. Kerr's life work was that of a merchant and plumber in the town of Lake Villa. He was a member of the Lake Villa Community church, a Mason, and a member of the Eastern Star. Recently he had received his 25-year pin in the Masonic order.

Surviving, besides his wife, are four children—Mrs. William Weber, Lake Villa; Mrs. George Mitchell, Chicago; Edgar, of Bloomington, and Ray, of Lake Villa. There are five grandchildren.

## Time to Clean House

Government seizure of the coal mines is the culmination of class legislation administered by class conscious political agencies. If present labor laws are not amended and henceforth administered with an eye to justice rather than social prejudice, government seizure of private activity will be neither temporary nor confined to the coal industry.

One-sided legislation such as the Wagner Act developed racketeers who, aided by politicians seeking the voting power of organized labor, threaten destruction of individual liberty and socialization of productive enterprise. No longer can the public afford to sit idly by while powerful agencies of government favor one group over another, merely because it is good political strategy to do so. We have seen the result of that kind of favoritism.

Hiding within the framework of our government are officials who will attempt to use the emergency to make coal a permanently socialized industry. Just such "emergencies" have led to the destruction of free societies throughout the world.

The coal mine operators have become mere puppet managers of their own properties; and the miners have lost their freedom of action. No wonder the people are rebelling against class legislation such as the Wagner Act and the Guffey Coal Act which grant special privileges to powerful groups.

## Outstanding Achievement

Americans have good cause to be proud of their industry. In two years a tremendous job of conversion has been accomplished and a powerful war machine has been built up.

Only recently the President revealed that the aircraft industry plans to exceed this year's enormous aircraft production schedule by more than 55 per cent next year; and that our current production rate is greater than that of all the other nations of the world combined. According to War Production Chief Nelson, the 1943 munitions goals will be fully achieved, and in some instances, exceeded by a comfortable margin.

Speaking before the Senate Military Affairs Subcommittee, Malcolm Muir, Chairman of the War Committee of the National Association of Manufacturers

said: "I only wish the public could know more of this wonderful production record—

"Of how many bombs we have stored to drop on German, Italian, and Japanese soil. . . .

"Of how many extra shells we have stored for our heavier guns. . . .

"Of how, as disclosed by the Undersecretary of the Navy, 40,000,000 20-mm. anti-aircraft shells, or more than 1,000 for every minute of the day, were loaded for the Navy during February."

When historians come to view the war to date, along with the defense of Britain, the resistance of the Russians, and the amazing performance of our own fighting forces they will no doubt cite the production achievements of American enterprise as one of the outstanding events of the conflict.

## Government—by the People

No reasonable person will object to government controls during the emergency. The American public has accepted the dictates of Washington as they have been handed down, willingly and cooperatively. But nowhere in America are the words "directives," "orders," and "controls" popular. War words possibly. Peacetime words in this country—never!

Under the present tightening manpower controls a man is told what he may earn, whether or not he can have a raise, what he can eat, how much he can charge for what he sells, what materials he can have, whether he is to go into the military service or not, whether he is necessary or unnecessary, whether his business is essential or nonessential.

As a result of many Washington controls, millions of people in this country are now in a quandary over their rapidly diminishing rights. Born and reared in freedom, America resents the possibility that a controlled economy may persist, for some indications have pointed to a continuation of such a condition after the emergency has passed.

Let us never forget for a moment that this is a democracy, that the Government of the United States, the State governments, and the local governmental bodies are servants of the people and not their masters. The American people will submit to controls during an emergency but they will never "goose step" to any tune nor will they ever "hell" any dictator.

When war threatens and national unity is paramount in defense against a common enemy, the American people will go over the top, all-out, willingly, enthusiastically. But with victory behind them they will return to their homes, their farms, and their job as free men with the knowledge that their government is by the people and for the people.

## LAKE VILLA

(written for last week)

Lake Villa Community Church  
Methodist—W. A. MacArthur, Pastor  
Sunday School—10 A. M.  
Worship Service—11 A. M.

Sunday, May 30, is the last Sunday that the Rev. MacArthur will be here to conduct a church service, as the following Sunday is his graduation and he will be at Evanston for the day. On the following day, Monday, June 7, he and his family will start for Oregon, where he will have a charge for the coming year.

The Official Board meeting was postponed until Friday evening after the pot luck supper at the church dining room and all are invited to attend the meeting as well as the supper. Rev. MacArthur will conclude the evening with chalk drawing.

The W. S. C. S. will meet Wednesday, June 2, at the Village hall for the regular business and social meeting. The ladies of the community are invited.

Nancy Hilma Cribb, small daughter of Mr. and Mrs. Ben Cribb, was baptized at the morning service at the Community church last Sunday.

A farewell party in honor of Elmer Sheehan was held at the hall last Saturday night by the local fire department of which he is a member. He entered the U. S. armed forces early this week.

Mrs. Mary McGlashan entertained her Sewing club at a luncheon at her home Tuesday this week.

The Pinochle club met last Tuesday with Mrs. Anna Martin at her home west of the village and enjoyed pot luck dinner together before the card games of the afternoon.

Mrs. Mildred Hucker was in Peoria the first of the week to attend a meeting of Illinois poormasters.

The Mother-Daughter banquet at the church last Wednesday evening was attended by 126 mothers and daughters of the community and the room was packed. The men helped in the kitchen and the boys did a splendid job of waiting on the table. Mrs. Charles Hamlin welcomed the group for the W. S. C. S. sponsor of the affair, and Mrs. Ray Hussey acted as toastmistress. Dallas Karolius and her mother gave the toasts to the mothers and daughters. Miss Billie Maye Runyard of Antioch gave a delightful reading and Georgia Lee Reidel of Sand Lake sang, "Smiling Through." Group singing was enjoyed, with Mrs. Carl Eckdahl as accompanist. Mrs. Russell Edwards of Waukegan, a former teacher here, was speaker of the evening and kept her audience interested in her talk of her travels in Mexico and she showed some pieces of Mexican handwork. This affair is one of the most interesting of the projects of the Woman's Society of Christian Service and it is to be regretted that the room was not large enough to accommodate all who would like to come.

Mrs. Reidell, Mrs. Marz, Mrs. Swanson, Mrs. Weber, Mrs. Madsen, Mrs. Crichton, Mrs. Messler, and Mrs. Gunnarson attended a general meeting for supervisors and instructors of Red Cross dressings at the Baptist church in Waukegan last Friday and also attended a luncheon served by the Waukegan Red Cross canteen. The Lake Villa unit has made nearly 20,000 dressings since Jan. 1, but production has fallen off a great deal

during May and more workers are urged to help. The unit will move from the school this week Friday and will occupy the Murrie building—the west room, and it will be open for work Mondays and Thursdays from 9 to 4 and on Fridays from 1 to 4, also beginning next week. The public is invited to come and help on Tuesday evenings from 7 to 9, so if you cannot get away during the day, please help in the evening.

A class of seven—Marjorie Gratz, Betty Ring, Kathleen Gindich, Rosemary Slazes, Walter Schneider, Richard Redmer and Mildred Williams—graduated from the eighth grade of Lake Villa school and exercises for this class and those of Sand Lake and Monaville were held at the gymnasium of the Lake Villa school Tuesday evening. County Supt. of Schools W. C. Petty gave the address. Mrs. Affeldt, music director, played the procession and Duke Weber, Cub Scout leader, gave the pledge to the flag. Kathleen Gindich and Susie Weber sang solos. Miss Ruth Cronin presented the class and Betty Ring made the presentation of the class gift. B. J. Hooper, president of the school board, presented the diplomas. Rev. W. A. MacArthur gave the invocation and the benediction.

The school picnic for the pupils and their mothers is scheduled for Friday in Lehmann park, if weather permits.

## 19 Honorary, Professional Societies Began at U. of I.

The leadership which the University of Illinois holds in scholastic and professional fields is vividly demonstrated in a recent survey which indicates that more national honorary and professional fraternities originated on its campus than at any other educational institution in America.

Of the 19 originating at Illinois, the oldest is Phi Lambda Upsilon, scholastic honorary organization of chemistry students, which was organized in 1899.

## HOSPITAL POLICY

**FAMILY GROUP BASIS

## Producing FOOD FOR VICTORY on the Farms of Northern Illinois

More meat is America's urgent wartime need. To help farmers of Northern Illinois fill the higher beef quotas set by Uncle Sam, the powerful energy of electricity is on the job.

## ELECTRICITY LENDS A HAND IN MEETING THE 7% INCREASED BEEF QUOTA

Working with a determination to ease the nation's wartime meat shortage, the farmers of this area confidently rely on the help of electricity.

This mighty source of energy pumps and hears the water . . . lights the farm yard, grinds the

feed and ventilates the feed barns. It runs the feed hoist, grain elevator and countless other labor-savers.

Yes, in these strenuous days on the farm, electricity is the indispensable extra hand . . . the energy that makes increased production possible.

Homemade ventilating fan made from an old automobile fan by this electrically-minded farmer. The ventilating fan circulates the air which freshens the feed barn.

(Above) Feed for cattle means food for victory. Grinding the feed is a routine chore of electricity on many farms in this area.

(Left) Automatic water tank is what this farmer contrived. By means of a float the electric water pump is turned on and off to maintain the water level in the drinking tank.

### Time to Clean House

Government seizure of the coal mines is the culmination of class legislation administered by class conscious political agencies. If present labor laws are not amended and henceforth administered with an eye to justice rather than social prejudice, government seizure of private activity will be neither temporary nor confined to the coal industry.

One-sided legislation such as the Wagner Act developed racketeers who, aided by politicians seeking the voting power of organized labor, threaten destruction of individual liberty and socialization of productive enterprise. No longer can the public afford to sit idly by while powerful agencies of government favor one group over another, merely because it is good political strategy to do so. We have seen the result of that kind of favoritism.

Hiding within the framework of our government are officials who will attempt to use the emergency to make coal a permanently socialized industry. Just such "emergencies" have led to the destruction of free societies throughout the world.

The coal mine operators have become mere puppet managers of their own properties, and the miners have lost their freedom of action. No wonder the people are rebelling against class legislation such as the Wagner Act and the Guffey Coal Act which grant special privileges to powerful groups.

\*\*\*

### Outstanding Achievement

Americans have good cause to be proud of their industry. In two years a tremendous job of conversion has been accomplished and a powerful war machine has been built up.

Only recently the President revealed that the aircraft industry plans to exceed this year's enormous aircraft production schedule by more than 55 per cent next year; and that our current production rate is greater than that of all the other nations of the world combined. According to War Production Chief Nelson, the 1943 munitions goals will be fully achieved, and in some instances, exceeded by a comfortable margin.

Speaking before the Senate Military Affairs Subcommittee, Malcolm Muir, Chairman of the War Committee of the National Association of Manufacturers

said: "I only wish the public could know more of this wonderful production record—

"Of how many bombs we have stored to drop on German, Italian, and Japanese soil. . . .  
"Of how many extra shells we have stored for our heavier guns."

"Of how, as disclosed by the Undersecretary of the Navy, 40,000,000 20-mm. anti-aircraft shells, or more than 1,000 for every minute of the day, were loaded for the Navy during February."

When historians come to view the war to date, along with the defense of Britain, the resistance of the Russians, and the amazing performance of our own fighting forces they will no doubt cite the production achievements of American enterprise as one of the outstanding events of the conflict.

\*\*\*

### Government—by the People

No reasonable person will object to government controls during the emergency. The American public has accepted the dictates of Washington as they have been handed down, willingly and cooperatively. But nowhere in America are the words "directives," "orders," and "controls" popular. War words possibly. Peacetime words in this country—never!

Under the present tightening manpower controls a man is told what he may earn, whether or not he can have a raise, what he can eat, how much he can charge for what he sells, what materials he can have, whether he is to go into the military service or not, whether he is necessary or unnecessary, whether his business is essential or nonessential.

As a result of many Washington controls, millions of people in this country are now in a quandary over their rapidly diminishing rights. Born and reared in freedom, America resents the possibility that a controlled economy may persist, for some indications have pointed to a continuation of such a condition after the emergency has passed.

Let us never forget for a moment that this is a democracy, that the Government of the United States, the State governments, and the local governmental bodies are servants of the people and not their masters. The American people will submit to controls during an emergency but they will never "goose step" to any tune nor will they ever "heel" any dictator.

When war threatens and national unity is paramount in defense against a common enemy, the American people will go over the top, all-out, willingly, enthusiastically. But with victory behind them they will return to their homes, their farms, and their job as free men with the knowledge that their government is by the people and for the people.

## LAKE VILLA

(written for last week)

Lake Villa Community Church  
Methodist—W. A. MacArthur, Pastor  
Sunday School—10 A. M.  
Worship Service—11 A. M.

Sunday, May 30, is the last Sunday that the Rev. MacArthur will be here to conduct a church service, as the following Sunday is his graduation and he will be at Evanston for the day. On the following day, Monday, June 7, he and his family will start for Oregon, where he will have a charge for the coming year.

The Official Board meeting was postponed until Friday evening after the pot luck supper at the church dining room and all are invited to attend the meeting as well as the supper. Rev. MacArthur will conclude the evening with chalk drawing.

The W. S. C. S. will meet Wednesday, June 2, at the Village hall for the regular business and social meeting. The ladies of the community are invited.

Nancy Hilma Cribb, small daughter of Mr. and Mrs. Ben Cribb, was baptized at the morning service at the Community church last Sunday.

A farewell party in honor of Elmer Sheehan was held at the hall last Saturday night by the local fire department of which he is a member. He entered the U. S. armed forces early this week.

Mrs. Mary McGlashan entertained her Sewing club at a luncheon at her home Tuesday this week.

The Pinnel club met last Tuesday with Mrs. Anna Martin at her home west of the village and enjoyed pot luck dinner together before the card games of the afternoon.

Mrs. Mildred Hucker was in Peoria the first of the week to attend a meeting of Illinois poormasters.

The Mother-Daughter banquet at the church last Wednesday evening was attended by 126 mothers and daughters of the community and the room was packed. The men helped in the kitchen and the boys did a splendid job of waiting on the table. Mrs. Charles Hamlin welcomed the group for the W. S. C. S., sponsor of the affair, and Mrs. Ray Hussey acted as toastmistress. Dallas Karolius and her mother gave the toasts to the mothers and daughters. Miss Billie Maye Runyard of Antioch gave a delightful reading and Georgia Lee Reidell of Sand Lake sang, "Smiling Through." Group singing was enjoyed, with Mrs. Carl Ekdahl as accompanist. Mrs. Russell Edwards of Waukegan, a former teacher here, was speaker of the evening and kept her audience interested in her talk of her travels in Mexico and she showed some pieces of Mexican handwork. This affair is one of the most interesting of the projects of the Woman's Society of Christian Service and it is to be regretted that the room was not large enough to accommodate all who would like to come.

Mrs. Reidell, Mrs. Marz, Mrs. Swanson, Mrs. Weber, Mrs. Madsen, Mrs. Crichton, Mrs. Messler, and Mrs. Gunnarson attended a general meeting for supervisors and instructors of Red Cross dressings at the Baptist church in Waukegan last Friday and also attended a luncheon served by the Waukegan Red Cross canteen. The Lake Villa unit has made nearly 20,000 dressings since Jan. 1, but production has fallen off a great deal

during May and more workers are urged to help. The unit will move from the school this week Friday and will occupy the Murrie building—the west room, and it will be open for work Mondays and Thursdays from 9 to 4 and on Fridays from 1 to 4, also beginning next week, the public is invited to come and help on Tuesday evenings from 7 to 9, so if you cannot get away during the day, please help in the evening.

A class of seven—Marjorie Gratz, Betty Ring, Kathleen Gindich, Rosemary Slazes, Walter Schneider, Richard Redmer and Mildred Williams—graduated from the eighth grade of Lake Villa school and exercises for this class and those of Sand Lake and Monaville were held at the gymnasium of the Lake Villa school Tuesday evening. County Supt. of Schools W. C. Petty gave the address. Mrs. Alfeldt, music director, played the professional and Duke Weber, Cub Scout leader, gave the pledge to the flag. Kathleen Gindich and Susie Weber sang solos. Miss Ruth Cremin presented the class and Betty Ring made the presentation of the class gift. B. J. Hooper, president of the school board, presented the diplomas. Rev. W. A. MacArthur gave the invocation and the benediction.

The school picnic for the pupils and their mothers is scheduled for Friday in Lehmann park, if weather permits.

### 19 Honorary, Professional Societies Began at U. of I.

The leadership which the University of Illinois holds in scholastic and professional fields is vividly demonstrated in a recent survey which indicates that more national honorary and professional fraternities originated on its campus than at any other educational institution in America.

Of the 19 originating at Illinois, the oldest is Phi Lambda Upsilon, scholastic honorary organization of chemistry students, which was organized in 1899.

## HOSPITAL POLICY

## Producing FOOD FOR VICTORY on the Farms of Northern Illinois

More meat is America's urgent wartime need. To help farmers of Northern Illinois fill the higher beef quotas set by Uncle Sam, the powerful energy of electricity is on the job.

## ELECTRICITY LENDS A HAND IN MEETING THE 7% INCREASED BEEF QUOTA

Working with a determination to ease the nation's wartime meat shortage, the farmers of this area confidently rely on the help of electricity.

This mighty source of energy pumps and heats the water . . . lights the farm yard, grinds the

feed and ventilates the feed barns. It runs the feed hoist, grain elevator and countless other labor-savers.

Yes, in these strenuous days on the farm, electricity is the indispensable extra hand . . . the energy that makes increased production possible.

Homemade ventilating fan made from an old automobile fan by this electrically-minded farmer. The ventilating fan circulates the air which freshens the feed barn.

(Above) Feed for cattle means food for victory. Grinding the feed is a routine chore of electricity on many farms in this area.

(Left) Automatic water tank is what this farmer contrived. By means of a float the electric water pump is turned on and off to maintain the water level in the drinking tank.

# SOCIETY EVENTS

## Altar and Rosary Society Celebrates Its Silver Jubilee

The silver jubilee of St. Peter's Altar and Rosary Society was celebrated with a dinner at the parish hall on Monday, May 24. The Young Ladies' Sodality had charge of the serving, entertainment and decorations. About fifty women were present. Talks were given by Father Savage, whose mother was the first treasurer of the society, and also by Father Flaherty.

Charter members present were Mrs. M. Golden, Mrs. Dan Walsh, Mrs. J. Brogan, Mrs. Martin, Mrs. F. Hunt, Mrs. William Rosing, and Mrs. Ernest Clark. Each of the charter members was presented with a silver plated rosary. Mrs. Irving Paddock and Mrs. Fagan, who also were members of the original group, were not present.

Through the courtesy of Ed. Vos, several very beautiful colored movies of Mexico and Florida were shown by his wife. The charter members related several amusing incidents of the early days of the organization. An interesting coincidence was the fact that the society was started in the midst of the first World War and was celebrating its silver jubilee as another world conflagration is in progress.

### SEVENTY-FIVE ATTEND GUILD CARD PARTY

Seventy-five persons attended the public card party sponsored by the Ladies' Guild of St. Ignatius church, at the Guild hall Wednesday evening. Many prizes were awarded the winners of highest scores. Mrs. Olive Keulman won the grand prize. A lovely luncheon was served following the card games.

Mrs. Morris Radtke was chairman of the committee, assisted by Mrs. L. J. Patterson, Mrs. Nellie Hanke and Mrs. John Horan.

### DICKENS TO CELEBRATE SILVER WEDDING ANNIVERSARY

Mr. and Mrs. Bert Dickey will celebrate their 25th wedding anniversary on June 4. They will spend the day in Milwaukee and will then go to Oak Park to spend the week-end with Mrs. Dickey's nephew, Glen Pfeifle and family. Mrs. Pfeifle will prepare a special dinner for the honored couple. Other guests from Antioch will be Mr. and Mrs. Charles Hostetter.

### 4-H GIRLS HOLD MEETING WEDNESDAY

A regular meeting of the Antioch 4-H girls club was held at the home of Miss Linda Buschmann, Wednesday afternoon. An interesting demonstration on dress fitting was given by Doris Burdick and Margaret Anderson. Ruby Drom gave a talk on the length of dresses compared to the length worn in 1942. June and Jane Hunter, Betty Lee Bauer, and Donna Mae Giebel served the refreshments. Games were played.

### HOME BAKE SALE SAT. JUNE 19

Members of the Methodist Wesley circles will hold a home bakery sale of pies, cakes, rolls, cookies, etc., at the Antioch News office Saturday, June 19, commencing at 9 o'clock a. m.

### MISS KUFALK HONORED GUEST AT SHOWER

Miss Margaret Kufalk was guest of honor at a miscellaneous shower and party given by Mrs. Ruth Loftus at her home near Antioch Thursday evening. Miss Kufalk is to be a June bride.

### LADIES' GUILD TO HOLD MEETING JUNE 9

A regular business meeting of the Ladies' Guild of St. Ignatius church will be held at the home of Mrs. Earl James Hays, Wednesday, June 9, at 2 o'clock p. m.

Miss Jeannette Keeney, who has been employed at Madison, Wis., accompanied her parents, Mr. and Mrs. V. J. Keeney to Antioch Sunday. Miss Keeney enlisted in the U. S. Marine Corps Woman's Reserve and will wait here for further orders. Miss Nelda Spees of Madison spent Memorial day at the Keeney home, the guest of Miss Keeney.

Mrs. Clara Willett, entertained her sister, Mrs. Jack Osborn of Traverse City, Mich., over the holidays. Mrs. Victoria Osmond, sister of Mrs. Willett, spent the past week at Edgerton, Wis., with her brother, Mrs. Osmond's daughter, 2nd Lieut. Blanche Osmond, A. N. C. of Texas, was also a guest there.

If you have any folding chairs that you wish to sell or donate, the Antioch Legion Post could use them in their Legion Hall. Call Antioch 140-J.

Mr. and Mrs. Vern Barnstable and daughter, Sue, were guests of Mr. and Mrs. Sidney Barnstable, at their home in Lake Villa Sunday.

Miss Dorothy Light left Antioch Wednesday for her home in northern Michigan.

**CHRISTIAN SCIENCE CHURCHES**  
"Ancient and Modern Necromancy, Alias Mesmerism and Hypnotism, Denounced," was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, May 30.

The Golden Text was: "The Lord God will help me; therefore shall I not be confounded; therefore have I set my face like a flint, and I know that I shall not be ashamed" (Isaiah 50: 7).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "I have fought a good fight, I have finished my course, I have kept the faith: And the Lord shall deliver me from every evil work, and will preserve me unto his heavenly kingdom: to whom be glory for ever and ever" (II Tim. 4: 7, 18).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Christians must take up arms against error at home and abroad. They must grapple with sin in themselves and in others, and continue this warfare until they have finished their course. If they keep the faith, they will have the crown of rejoicing. He that touches the hem of Christ's robe and masters his mortal beliefs, animality, and hate, rejoices in the proof of healing,—in a sweet and certain sense that God is Love" (pp. 29 and 569).

**CONGREGATIONAL CHURCH**

Mrs. Gust Mantis is entertaining her mother, Mrs. George Lappas of Chicago this week.

Mr. and Mrs. Fred Croasdale of Park Ridge, Ill., were guests of Mrs. Croasdale's sister, Mrs. Clara Willett, Saturday.

Harry J. Krueger of Arlington, Va., spent last week here with his wife and son. Mr. Krueger holds a position in national defense work in Washington, D. C.

Mrs. Robert Wilton who has been at Victory Memorial hospital, Waukegan, for the past month, returned home Friday and is much improved.

## County Home Adviser to Instruct Bureau Units

Mrs. Helen Volk, Home Adviser, will instruct Home Bureau units this month in the Care and Repair of Rugs, a topic of concern to the homemaker, as rugs will be difficult to buy while the war lasts. University booklets on fabric insects and methods of combating them will be distributed. This is another lesson in a valuable series on conservation, previous ones having dealt with the care of home furnishings and electrical appliances.

Mrs. Volk will also discuss the movement for County Health Departments now being brought before the public for endorsement by various civic organizations. Members interested in local sanitation, disease control and health education should not fail to attend their unit meeting.

The June meetings will be held at the following places:  
Antioch Unit, June 23, at the home of Mrs. Curtis Wells, Antioch, Ill.  
Avon Unit, June 15, at the home of Mrs. Leo Sheldon, Lake Villa, Ill., at which time they will entertain the Grayslake Unit.

Mrs. Charles Maxwell of Gary, Ind., was the guest of her sister, Mrs. Burr Anderson and family this week. Little Miss Kay Frances Anderson who had spent the past three weeks with her aunt, accompanied her home. Patsy Anderson will accompany Mrs. Maxwell home for a two weeks visit.

Mr. and Mrs. Harold Moisund and son, Brian, of Chicago, spent Memorial Day vacation with Lawrence Hoffman.

Mr. and Mrs. Walter Valters and sons, Billie and Willie, of Chicago, spent Monday with friends in Antioch.

Mr. and Mrs. John Rotnour and daughter, Gloria, and Mrs. Lillian Rotnour of Elgin were guests of Mr. and Mrs. V. B. Felser Sunday and Monday.

Mr. and Mrs. Russell Murrie and sons, Jerry and Joe, called at the home of Mrs. William Osmond Sunday.

Charles Nettles, who has been very ill at Wesley Memorial hospital, Chicago, is convalescing at his home near Antioch.

Rosalie Sibley, daughter of Mr. and Mrs. N. E. Sibley, was taken to Illinois Central hospital for treatment Tuesday.

## U. S. Birth Rate at High Of 20.5 Per Thousand

WASHINGTON.—The stark dodged combat planes to bring to the United States this year this country's all-time record number of babies.

The U. S. census bureau reported that the birth rate for the first 10 months of the year was 20.5 per thousand of population, as compared with 18.9 in 1941.

The birth rate has been rising since 1934. The year previous to that—one of the worst in the depression era—it had dropped to 16.6, lowest point in a 100-year decline.

## Bus Driver Married Between His Runs

PASADENA, CALIF.—Robert Hulen Smith, 25-year-old bus driver, and Avis May Gray, 23, were in an awful hurry when they married here the other day.

"What's the rush?" asked Superior Judge Frank C. Collier, who performed the ceremony in his chambers.

"Shucks," said Smith, "I'm between runs!"

## ORDER of RAINBOW FOR GIRLS

—presents—  
"Youth on Parade"

## MILLBURN

Memorial Day services at Millburn cemetery were well attended. Richard Martin was in charge of the program of recitations, anthem by choir, male chorus and address by the Rev. Messersmith followed by decoration of the soldier's graves. The Boy Scouts also assisted with the program.

Mrs. Eva Alling of Waukegan was a caller at the D. B. Webb and Frank Edwards homes Sunday afternoon.

Mrs. Victor Strang was a guest at the homes of her sisters, Mrs. Earl Priest and Mrs. Walter Weller, in Three Oaks, Mich., from Wednesday until Sunday.

Mrs. Thomas Anderson of Waukegan and her granddaughter, Miss Glenn Anderson, of Colorado, called on Mrs. J. H. Bonner Saturday.

The regular meeting of the Ladies' Aid society has been postponed from June 3 to June 10. Supper will be served at five o'clock by Mrs. Alex Hughes, Mrs. Ernest Glenn, Mrs. Harry Shank, Miss Ruth Minto, Mrs. Donald Truax, Mildred Hauman and Lois Bonner.

The regular business meeting of the Christian Endeavor society will be held at the home of Carol Ruth Upton Friday evening.

Mr. and Mrs. Fred Tebbin and son, Wendell, and Mr. and Mrs. George DeHaan of Waukegan and Mr. and Mrs. Donald Truax were guests at the home of Mrs. Ida Truax Sunday.

Funeral services for Mrs. Arthur Long of Grayslake were held in Millburn church Saturday afternoon with the Rev. Messersmith and Rev. D. L. Cures of Grayslake Methodist church officiating. Mrs. Long passed away Wednesday at Rochester, Minn., following two weeks' illness. Surviving are her husband, a son William of Lake Villa, a daughter, Mrs. Leonard Welch of Waukegan, two sisters, Mrs. A. L. Burge of Waukegan, and Mrs. Roland Hook of Grayslake, and two granddaughters, Alice Margaret Long and Margaret L. Welch. The sympathy of the community is extended to Mr. Long and family in their loss.

Millburn school closed on Friday with a picnic at the school house. Mrs. Kenneth Donnan has been engaged to teach again.

Irlie Brown of Dallas, Texas, called on his cousin, D. B. Webb, Sunday afternoon.

Mr. and Mrs. John Dickey and children of Forest Park and Miss Harriet Wendt of Maywood spent the week-end with their mother, Mrs. E. H. Edwards.

Mrs. O. L. Hollenbeck spent the week-end in Decatur.

Mrs. Louise Gilbert of Chicago spent the Memorial holidays with her parents, Mr. and Mrs. J. C. James.

**OUR APPRECIATION**  
We appreciate very much the splendid cooperation extended to us during the tax collecting period.  
John L. Horan, Town Tax Collector  
Mrs. Carolyn Horan, Deputy  
Mrs. Irving Elms, Clerk.

**RESOLUTION OF RESPECT**  
WHEREAS: It has pleased Almighty God in His infinite wisdom to take from this world the spirit of our departed comrade, Peter J. Weber, and

WHEREAS: The family has lost a kind and indulgent husband and father, the community an honored and respected citizen, and our Legion Post No. 748 an honored and faithful member, be it

RESOLVED: that this resolution be given a page in our records and published in the Antioch News; and be it further

RESOLVED that a copy be sent to the family, and that our Charter be draped for 60 days.

Antioch Legion Post 748

## News of the Boys . . .

(continued from page 1)

of the line with the weapons, ammunition, and the vehicles of war, he will now be able to fight the enemy wherever he will be met.

In compiling the score that enables him to wear the medal of Sharpshooter, T/4 Simonsen fired for record from four positions, standing, kneeling, and prone. Half of T/4 Simonsen's record shooting was done at slow fire, half at rapid fire. T/4 Simonsen was employed in civilian life by the R. & J. Chevrolet Sales, of Antioch. He attended school at Antioch, Ill. He is the husband of Mrs. Lucille Simonsen, living at 989 Victoria street, Antioch, Ill.

Pvt. Luis B. Guerrero, Presque Isle, Me., writes: "Received money order for eight dollars (from Nielsen's service men's fund). It's very thoughtful indeed of the folks back home, and I appreciate everything the folks back home are doing for me and the rest of the boys. . . I enjoy reading the Antioch News, and wherever I am I am sure it will be forwarded to me, and knowing what's happening on the home front makes me feel closer to all of my good friends in Antioch. Many thanks again."

"Thank you, too, Louie, and we'll keep the News coming."

Sgt. George Magiera, who is "somewhere in Australia," sends greetings by V-mail to his Antioch friends. He received the Legion's Christmas gifts for which he says "thank you." The sarg. is a regular reader of the News.

Air Cadet Orville R. Winfield, writing from Harvey Parks Air Port, Sikeston, Mo., says he has finished pre-flight training and is now down to the real thing—flight training. "They have a swell school here," writes Winfield. "I don't think a fellow could ask for any better. The food is swell and so is everything else that I have seen so far. This is a wonderful training and is well worth the effort of any young man to try to get into. . . I enjoy getting the paper."

"You sure meet a bunch of fine fellows in the army," writes Pvt. Cecil L. Miller, signal corps, Camp Crowder, Mo. "One of the boys just received a large package and the lads are coming it for candy. . . I just now got my share. . . Miller was in the enlisted reserve at the University of Chicago, but now is on active duty at Camp Crowder. He says he missed the last two issues of the News, due to his transfer. . . Private Miller's letter was addressed 'To anyone concerned.' . . We're all concerned, Cecil, about all the men who are serving their country. . . That is, we're all concerned except the few found in every community who think they have no stake in this man's war, and appear more concerned about profits. . . Your two missing copies of the News are in the mail."

## HICKORY

(written for last week)

Hickory school will close on Friday, May 28. The annual picnic for parents and children was held at the school house on Sunday, May 23. There were about fifty in attendance. They enjoyed a picnic dinner at 1 o'clock. In the afternoon there were races for the children and a ball game for everybody. Miss Paulson's parents from Chicago were present.

The Misses Margaret, Louise and Rose Carney and their brother, Albert, spent Wednesday evening at the Mike Leble home near Wadsworth. Mrs. George White attended the Past Matrons club held at the home of Mrs. Stella Sponburg, at Gurnee Thursday evening.

Mr. and Mrs. Curtis Wells and Mr. and Mrs. Austin Savage and Mort Savage attended the party at the Ed Martin home in Millburn Saturday evening. It was in honor of the birthdays of Mrs. Martin on May 22 and David Pullen of Zion on May 20.

Thursday evening, Mrs. Iloy Swenson from Camp Lake and her son, Harrie (home on furlough from an army college at Northfield, Minn.) visited the Al Swenson family.

Last Friday morning Wilson King shot a fox right in the door yard of their home. The fox was breakfasting on a duck he had just caught.

Students of the Hickory school have purchased two hundred and one dollars and twenty cents worth of Defense stamps since the first of February.

Miss Doris Jamison from Elgin visited Sunday at the George White home.

Mrs. Walter Lucas and son, Walter, from Millburn visited the Warren Edwards home Friday.

Mrs. Eva Ailing of Waukegan spent Saturday afternoon at the Warren Edwards home. She spent Saturday night and Sunday with the Bert Edwards family.

Friday evening callers at the Al Swenson home were Mr. and Mrs. Al Shepherd of Antioch, Mr. and Mrs. Wayne Bell, Mrs. Proline and Mrs. Hazel Cain of Lake Villa; also Mr. and Mrs. Hazen.

Mr. and Mrs. Bert Edwards attended the funeral of Mrs. George Vose in Waukegan Tuesday afternoon, May 18. They also visited the Frank Kennedy home.

West Newport school closed with a picnic dinner at the school house for the families on Tuesday, May 25.

Mr. and Mrs. Warren Edwards and son, Raymond, were dinner guests of Mr. and Mrs. Harvey O'Hara in Waukegan Wednesday, May 19.

Mr. and Mrs. George Harmer and daughter, Miss Shirley, and Mr. and Mrs. Frank Mitchell and baby son,

Anthony from Waukegan called at the Will Thompson home Sunday evening.

Mr. and Mrs. Earl Vanneman of Waukegan visited the Max Irving home Friday evening.

Mr. and Mrs. Homer White visited Mr. and Mrs. Myers of Gurnee Thursday evening.

Norman Edwards of the Coast Guards from Beach Haven, New Jersey, was home on furlough from Wednesday until Tuesday morning of this week.

Mrs. Harold Edwards visited the Bert Edwards family on Tuesday, May 25.

Albert Rose and Louise Carney were guests at the William Richards home Friday evening, May 21, in honor of the fourth birthday anniversary of little Karen Richards.

Harrie Tilgner Wilbur, Hunter and son, Jerry, spent Monday afternoon, May 24, in Kenosha.

The five pupils from Hickory school passed their 8th grade examinations.

## TREVOR

## CHAPTER XV

"He left me in charge," said ers, "and presently General Sh sent me up to Lake Lanao in middle of Mindanao Island on a cular mission. They were af the Japa might land seaplanes it and I was to set up defenses the I was to teach the army how to the machine guns. The lake is ab

"Next morning the army colonel sent for me. He'd had a plane-leader shot down who had collected thirty-nine of the fifty captives. Soon the others would be here, too. We were to start work today."

"The old navy captain who shared my quarters knew what that meant. 'Good luck, Kelly! You were right,' he said. There were tears in his eyes, and I could see why. He

**OFFICIAL TAB**

"He stopped here, and a silence of death fell over everybody, for we could now hear motors far above. How many planes? We peered up through the moonlight — now we could see her, and there was only one, circling the field. Lower she came—My God, would she crack up on landing? None of us breathed as her searchlight stabbed for the ground. She was down now, but

"Then they called my name, I shook hands, and I climbed aboard. Each of us who were leaving were strapped our 45's and handed them out through the plane's windows to the fellows who were staying behind. They'd be needing them badly and we wouldn't."

"But as our big ferry-commander bomber swung wide out over the field after the take-off, you could see the island and then the path of moonlight glistening over the water just as we used to watch it glisten from the tunnel entrance at Corregidor. And suddenly I remembered the last thing she said to me—her voice was just as clear as if it had been two seconds ago, instead of many weeks, over that signal-cord telephone in the army hut on Batan; after I had told her this was good-by. 'Well,' she said, 'it's been awfully nice, hasn't it?' And her voice had sounded clear and brave, but seemed to come from far away."

**[THE END]**

Indebtedness on goods purchase on the installment plan was reduced \$1,500,000,000 in the first six months of 1942.

The daily oil-carrying capacity of the Texas-Illinois pipeline, now under construction, will equal the capacity of 1,430 average tank cars.

Marines, prior to being assigned to duties at sea, are trained at marine corps sea schools.

## MISCELLANEOUS

Don't neglect your roof or the paint on your buildings. They will last years longer if taken care of in time. See us for prices. Antioch Lumber & Coal Co., Tel. Antioch 15. (391f)

## QUICK SERVICE

—WE DO ALL KINDS OF ROOFING—slate, tile, copper, asphalt, buildup asbestos, 1/2-in. insulated and asphalt and tar and gravel. We also have siding. Burlington Roofing and Heating Co., Tel. 574, or 704 Chestnut St., Burlington, Wis. (171f)

## New Method to Speed City Mail Delivery

## Adding Number of Branch P. O. Will Hasten City Distribution

The new method of speeding up mail deliveries, through addition of a branch post office number to the address on mail for delivery. In large cities, is being placed in operation rapidly. Reports from many cities indicate that it has been received enthusiastically by the press, postmasters, business concerns and the public.

Within a few days after initiation of the plan, under instructions of Postmaster General Frank C. Walker, nearly all the postmasters in the large cities affected had assigned postal unit numbers to their branch offices, millions of residents had been advised of the number to be added to their addresses, and a considerable volume of mail already was carrying the numbers assigned. By June 1, it is expected that practically all whose addresses are affected will have been notified of their postal unit numbers.

The new system speeds up the separation of mail for distribution to branch offices and permits much more rapid handling of mail by inexperienced postal clerks, thousands of whom have been employed to replace personnel who have gone into the armed forces and into war industries.

Rapid increase in volume of mail and the loss of some thirty thousand postal employees to the armed forces made it necessary to adopt the plan, in the interest of accurate, efficient mail service and for the relief of postal personnel who are carrying an extremely heavy burden of work. The average work week in the service now is about 52 hours, and in many post offices, employees are working 10 and 12 hours a day, seven days a week, because of local shortages of personnel.

An example of the new type of address is:

John C. Smith  
222 Mattapan Ave.  
Boston 8  
Massachusetts

The number after the name of the city indicates the branch post office (or "postal unit") through which delivery is made. Each resident of the large cities is asked by his postmaster to add the postal unit number of his return address, and to notify all to whom he writes that his address is not complete without the number.

## RATIONING TIMETABLE

**June 1**—Sugar stamp 13 becomes valid. Good for 5 pounds through August 15.

**June 6**—Red 1. Stamp becomes valid. Good through June.

**June 7**—Blue stamps G, H, and J expire.

**June 10**—Last day to mail in application for Ration Book 3.

**June 15**—Shoe stamp 17 in Ration Book 1 expires.

**June 16**—Shoe stamp 18 becomes good for one pair of shoes.

**June 30**—Last day for second periodic inspection of passenger car tires for B card holders. Blue Stamps K, L, and M expire. Red stamp J expires. Stamp 24, good for 1 pound of coffee, expires.

(New point ration charts on pages 6 and 7.)

Enjoy a comfortable home. Insulate now against summer heat and winter cold and save on fuel bills. See us for roofing estimates, too. Antioch Lumber & Coal Co., Tel. Antioch 15. (391f)

For quick service on all kinds of roofs and quality workmanship call Burlington Roofing and Heating Co., 704 Chestnut st., Burlington, Wis., phone 574 Burlington. (481f)

## UPHOLSTERING

Waste is a blow to the war effort. Save what you have. An expert workman can re-upholster your well-worn pieces, which will give you many years of added service. A phone call will bring you samples and an estimate. Call

## Univ. of Illinois Helping Victory In Many Ways

## Federal Government Calls For Many War Services.

The extent to which the Federal government has called upon the University of Illinois for special war services was revealed by Comptroller Lloyd Morey, who said that special war contracts with the University involve nearly two and one-half million dollars.

They are being carried on in addition to the University's regular activities of instructing students, many of whom are in the Reserve Officers' Training Corps, in the enlisted reserves, or in special work preparing them for war service.

Army and Navy officials have selected the University as one of the institutions to be used for the intensive college training programs being inaugurated by the Services. The war work for the Federal government also is in addition to the University's regular research activity, much of which has war value. It is being carried on despite the fact that nearly 500 staff members have been given leaves for military and war duties.

The largest special activity in terms of persons involved is the Engineering, Science, and Management War Training program being carried on in more than half a hundred Illinois industrial areas by the Division of University Extension for the U. S. Office of Education. More than sixteen thousand workers have been trained or are now in classes.

The U. S. Navy has established a training school for two thousand signalmen, dieselers, diesel officers, and cooks and bakers on the campus. For housing, laboratories, classrooms, meals, and other services, and for necessary changes in the buildings to meet Navy needs, the Federal government has contracted to pay the University.

The University also has more than a score of research contracts with various federal agencies to carry on work in the physical sciences, chemistry, medicine, and engineering. In addition it is carrying on the training of student pilots for the Civil Aeronautics authority.

## Univ. of Illinois Plant Is Valued At \$43,128,838

Students and research workers at the University of Illinois have the use of a plant and equipment valued at \$43,128,838, according to the annual report of Comptroller Lloyd Morey.

Of this total, property worth \$41,635,132 is owned by the university, and the balance involves mortgages given by the University of Illinois Foundation on the new Illini Union building, Men's Residence halls, and other non-educational properties.

During the past year the value of this plant increased \$4,853,248. The major part of this increase resulted from the transfer to the University of the Research and Educational hospitals in Chicago and the Natural Resources building at Urbana. These were transferred to the University from other state departments.

The University's educational and general income during the year ending last June 30 was \$10,290,413, while the educational and general expenditures were \$9,864,498.

Of the income, state tax revenues provided 65.8 per cent or \$6,772,128; Federal government grants, chiefly for agricultural extension and research, 10.8 per cent or \$1,109,771; student fees, 13.5 per cent, or \$1,366,380; private gifts and income from endowments, 5.3 per cent or \$542,523; and miscellaneous income including earnings of educational departments, 4.8 per cent or \$499,611.

## Exceptional Seniors Still in High School Can Enter University

A plan for admitting high school seniors to the University of Illinois has been approved by the university trustees. The conditions are:

1. Pupil must be 16 years old or have special permission.  
2. Must be recommended by a committee of the high school faculty.  
3. Must have completed at least 14 units of high school credit.

4. Must rank scholastically in upper 25 per cent of high school class.  
5. Must pass special tests by the university's Personnel bureau.

The conditions were set up to provide careful individual selection of persons to be given the special privilege of entering the University before finishing high school, while at the same time giving opportunity to the exceptional pupils who are competent to do college-level work.

## Milk

Prices paid by dealers to producers of milk for fluid consumption will be at the highest level reported for any month during 21 years of record in December, 1942.

## War Programs Will Not Close Univ. of Illinois

## WMC Urges Young Men—Get As Much Education As Possible.

The Army and Navy programs to utilize colleges and universities for training specialized personnel do not mean the end of the present educational system at the University of Illinois. President Arthur C. Willard has emphasized.

Pres. A. C. Willard

Regardless of what use the services make of the University, the regular educational programs will be continued for men students not called to the colors and for women. New courses have been added to meet war needs, he said. Both the regular University work and the special work for the services will be carried on.

President Willard pointed out that the chairman of the War Manpower Commission has urged young men not yet called to arms to get as much education as possible.

"Students should not hesitate to begin their college training at this time," the University president said, quoting the WMC chairman as stating that "the commission is planning ahead so that there may be adequate reserves for leadership in professional and technical fields to avoid serious shortages."

President Willard said that "I have no indication that the work of women students in the University will be interrupted, and I confidently believe that they can expect to proceed with their studies. The University is giving attention to courses for those women who wish to prepare for specialized services."

"The Army and Navy training program for college age youth provides a democratic method for giving specialized training in certain fields important to our armed forces. Such training can be given more effectively on college campuses than anywhere else."

## Railway Rail Breaks Halted by Results Of Illini Research

How the railroads and steel mills of the nation have spent nearly half a million dollars at the University of Illinois to settle an argument, and thereby have saved millions of dollars which would otherwise have been lost by the breaking of railroad rails in service was brought to light recently when the University received funds to continue the "rails investigation" for another year.

The funds have been available to the University since 1931 from the Association of American Railroads and the American Iron and Steel Institute to carry on this work.

Railroads and steel mills argued for 20 years over the cause of rail breakage, which by 1931 had reached a total of some 12,000 rails a year on the roads of the United States and Canada. Then they brought the problem to the University of Illinois, whose engineers in 10 years of studying the fatigue of metals already had done more in this field than any other agency.

Prof. H. F. Moore and a squad of University engineers were set on the trail of the "villain" which caused apparently sound rails to break in service. They found rail breaks started from "shatter cracks," which are minute flaws within the head of the rail.

Then they set out to test out proposed methods of preventing the microscopic flaws. They found that rails which cooled rapidly did not have them, while some rails which cooled uncontrolled in air did have.

That was in 1934. Since then 5,000,000 tons of rails have been manufactured with controlled cooling, and not a one has been reported as broken from a shatter crack. Some of these rails have been in service up to seven years without failure, and in that time locomotive weights have increased and freight train speeds almost doubled—with quadrupled force of hanging upon the rail from out-of-center wheels.

With the finding and routing of the factor which caused rails to break, the University study did not end. At the request of the railroads and the steel mills it has continued, and now is giving special attention to hardening rail ends to reduce wearing away at the point where wheels pass over the joint from one rail to another. If the rail ends are too hard they crack, while those satisfactorily hardened outwear ordinary rails.

## Vast Transportation System

Vast and intricate is the transportation system of Montreal, Province of Quebec. Fifth largest city on the continent, Montreal has 275 miles of tramway lines, plus 75 miles of bus routes.

## County Poultrymen Urged to New Goal in Egg Production

## Farms Have Larger Flocks; Labor and Feed Are Problems

Lake county poultrymen are asked by the government to produce approximately 1,905,000 dozen eggs this year, almost 4 per cent more than in 1942, as their share in the Food for Victory program, the National Poultry Defense Committee estimated today.

This county goal, which is based on the percentage increase suggested for Illinois by the U. S. Department of Agriculture, can be reached if adequate supplies of labor and feed are available, declared Chairman Hobart Creighton.

"Poultry farmers are now working harder than ever in all-out war production," Creighton said, "continuing the fine job they did in this county last year by producing approximately 1,981,000 dozen eggs to help supply civilian, military and leased-lease needs."

## KELSEY'S ICE FISHING BILL BECOMES LAW

Ice fishermen of Lake county who have long awaited information concerning a proposed bill at the State Capitol to amend the restrictions on that popular sport, will rejoice in the news that it has passed the House and the Senate and will become a law on July 1, 1943.

The bill sponsored by Representative Harold D. Kelsey, this district, amends the state law which prohibited ice fishing, and allows such fishing through the ice with two poles only, each with one hook and line. The amendment provides that no shelters may be used.

Winter fishing is done through holes in ice, thus providing ventilation which sportsmen believe is vital to fish life. The finding of many dead fish each spring has led to the belief that the ban on ice fishing may have been responsible.

Thus Rep. Kelsey's bill has provided a two-fold benefit—sport for winter fishermen as well as conservation of fish life.

## Farm Placement Centers Are Set up Throughout County

Set up as convenience to farmers in need of farm help, either permanently or temporarily, and for those who desire to work full or part time on farms are ten local farm placement centers in Lake county. These farm placement centers were arranged for by Farm Adviser Ray T. Nicholas, who is in charge of the Farm Labor program in Lake county in cooperation with the U. S. Employment Service. Local placement centers have been designated as follows:

Antioch Lumber Co., Antioch, phone Antioch 15  
Russell Feed Co., Russell, phone Antioch 164-W-1  
Thursall Service Station, Valo, no telephone  
Perkins Lumber Co., Wauconda, phone Wauconda 3-11  
Farm Bureau Office, Grayslake, phone Grayslake 42-1  
Chittenden Lumber Co., Gurnee, phone Ontario 6302  
U. S. Employment Office, Waukegan, phone Ontario 6913  
Corn Belt Hatcheries, Libertyville, phone Libertyville 575  
Lake-Cook Farm Supply Co., Lake Zurich, phone Lake Zurich 2161  
Emil Geest Lumber Co., Prairie View, Libertyville 611-M-2  
The purpose of these local farm

placement centers is to make it more convenient for those in need of help to list their requirements. Farmers who want help should leave their names on record with the local center. Forms will be provided to be filled out which the person will indicate the type of help he needs and when he needs it. These forms will be filled out in duplicate by the employer, one copy being left with the local representative and the other forwarded to the Farm Adviser's office.

## La Province de Quebec

The quiet Normans homes and ancient windmills of La Province de Quebec, today rub shoulders with hundreds of mushroom factories and munition plants producing the tools of war.

## Can't Bear To Do It

Among the many items that President Roosevelt has collected are 3,000 Christmas cards—special favorites which he can't bear to throw away.

## Increases

Lease-lend commitments to Great Britain and other Allies in 1942 called for large increases in the acreages of the four principal canning crops—tomatoes, peas, beans, and corn.
